

Waste Disposal Services

Bizclean Mats & Hygiene Services provides timely, safe and hygienic unit servicing in accordance with EPA guidelines, with a range of the following options.

Environmentally Friendly Additives include:

- Natural Pure Citronella oil with its insect and antifungal properties
- Sanisorb Granules for heavy duty jobs
- Sanitised & fragranced unit liners impregnated with a strong bactericide that prevents odour from developing and are 100% biodegradable.

Service Types

- Onsite service is the removal of contents, unit wiped over with disinfectant, replacement of biodegradable fragranced liner and additives. Safe disposal of contaminants.
- Offsite is the complete removal of unit for a fresh unit that has been washed in disinfectant and sun dried.

Available service time include:

weekly, fortnightly, 4 weekly (standard), 8 weekly (low volume), on call (depending on service run dates).

Please Note: All prices include GST. Discounts for volume orders at 10% on 2, 15% on 3, 20% on 4, higher amounts negotiable.
